BUS SCHEDULE 2013 - 2014

BUS INFORMATION

If your child is riding another bus after school, a note is required EACH TIME for the bus driver. There are many substitute drivers and a note each time will help these drivers. AES or AMS office must sign the note; make a copy, with the original given to the bus driver.

Kindergarten and First Grade students need a note from parents stating it is okay for student to get off bus without a parent being at bus stop. Please bring by AES front office to have copy made for our records and original is given to the bus driver. Also, with many substitute drivers it is a good idea to have some sort of permanent tag saying the student can get off without a parent being present.

****SCHOOL POLICY IS TO BE AT THE BUS STOP 5 MINUTES EARLIER THAN ROUTE PICK UP AND DROP OFF TIMES.****
